The main discussion revolved around the designs of the 2020 flyer submitted by Linda Lee. Everyone liked Linda's two designs and a compromise combining elements of both was agreed upon. Many thanks to Linda for the work she put into the designs.

Billie will set up a sub-committee to work on posters after the holidays. Anyone interested should call or text Billie at 814-404-

Other items discussed were the number of tables, and possibly card tables we will need for the event; purchasing all new pricing stickers and tags; large rubber bands to hold shoes together in pairs; a possible area for "freebies"; location of the bake sale table (no decision yet); size of trash bags needed for the barrels (42 gal).

No one from the breakfast committee was present so, there was no breakfast report.

Final discussion revolved around encouraging all Hookers to participate in events and in engaging new Hookers in all activities.

Meeting adjourned about 2:30 pm. No date was set for a January meeting.

Subsequent Notes: The first press release to the Eagle was published in the December 18th edition. Thank-you, DJ, for providing several old press releases for models.
